

UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA

UNITED STATES OF AMERICA,

Case No. CR13-0753 EMC

Plaintiff,

V.

IVAN SPEED,

## **CLARIFICATION OF COURT'S MAY 7, 2014 ORDER**

## Defendants.

14 On May 7, 2014, the government filed a motion for clarification of this Court's order  
15 requiring the government to provide the confidential informant's file for *in camera* review. The  
16 Court provides the following guidance.

17 The government may provide a copy of the confidential informant's file, provided that the  
18 copy is complete and includes copies of all materials in the file and are legible. The Court will  
19 maintain the copy in its chambers until the Court determines it is no longer necessary for purposes of  
20 ruling on the parties' dispute or for trial. The file will not leave the Court's chambers and no  
21 additional copies of the contents of the file will be made. When the Court determines it is no longer  
22 necessary for it to maintain the copy of the confidential informant's file, it will notify the  
23 government and, at that point, a special agent of the Drug Enforcement Agency may come to  
24 retrieve the copy.
